

WELCOME TO THE STANDARD CLASSROOM

This Standard classroom contains the following:

- ✓ Non-Interactive Projector/Pull down screen
- ✓ Classroom PC
- ✓ Document Camera
- ✓ Lectern
- ✓ 1 Access Point (Wi-Fi Connection)
- ✓ 1 AirMedia (use with PC or bring you own device)
- ✓ Ceiling Speakers
- ✓ Mobile Podium with wireless keyboard/mouse
- ✓ Phone

Getting started:

1. Turn on the classroom PC
2. Turn on the projector by hitting the power button two times on the projector remote
3. Enter your college login credentials (first_last@daytonastate.edu) If there is a problem logging in to the computer, you can power it down and turn it back on.

Shutting Down:

At the end of your class, you should power down the equipment.

1. Turn off the projector by hitting the power button on the white remote two times.
2. Shut down the computer by going to the Windows Start icon and clicking Shut Down.

Document Camera:

You can display documents, artwork and pages from books with the document camera which is attached to the classroom computer.

1. Locate the doc cam icon on the desktop and double click it to launch the camera.
2. Click on the "Digital Remote" icon to control your camera from the computer desktop. You can control the autofocus, brightness and zoom.

Please Note: If the camera is not extended, simply raise the arm into the best position to view your document.

Quick Tip: To magnify an item: bring the camera closer to the object. It will be much clearer than using the digital zoom, which tends to pixelate the image if it is zoomed too much.

Getting Help

If you have any questions/concerns:

Contact the Help Desk at extension 3950

Please watch the "Classroom Orientation Video" located on your desktop for more information
